DPA

DEBT PAYABLE BY ASSETS

THIS CERTIFIES THAT in exchange for a loan by the undersigned lender (the “**Lender**”) in the amount of US\$[] (the “**Debt Amount**”) made on or about [Date of DPA] to [Company], a [Delaware] [limited liability company] (the “**Company**”), Lender is hereby entitled to repayment, in one or more installments, in cash and/or in assets, with such variable interest rate (or no rate at all), as further set forth below.

In addition to cash, non-cash assets that can be used to satisfy the obligations under this DPA include Tokens (as defined below) at terms set forth below.

“**Tokens**”: digital blockchain tokens issued by [Token Developer] (“**Token Developer**”) as part of a Public Token Offering (defined below). For debt satisfaction under the terms of this DPA, Tokens shall be valued at the undiscounted price set by the Token Developer for purposes of the Public Token Offering (“**Token Valuation**”).

“**Asset Interest Rate**”: [20]% interest shall be accrued and payable if repayment is made in Tokens at any time during the first two years of the date hereof.

“**Fiat Interest Rate**”: After the second anniversary hereof, [1.5]% interest shall be accrued and payable on a monthly, non-compound basis with respect to any unpaid amount. No interest shall accrue and be payable if repayment obligations are satisfied in cash by the second anniversary of the date of this DPA, as set forth below.

See **Section 2** for additional defined terms.

1. *Events*

(a) **Repayment of Debt Amount by Cash and/or Assets.**

(i) ***Early Repayment in Full by Tokens:*** At any time before the [second] anniversary of the date hereof, if the Company has ownership or control of Tokens in an amount adequate to satisfy its repayment obligations under this DPA and other DPAs contemporaneously issued as part of the same offering in full, including any accrued and unpaid interest, the entire Debt Amount shall be due and payable to Lender, together with interest accrued on the entire Debt Amount at the Asset Interest Rate (said interest also payable in Tokens), to be calculated based on the Token Valuation;

(ii) ***Early Partial Repayment by Tokens:*** At any time before the [second] anniversary of the date hereof, if the Company has ownership or control of Tokens in such number adequate to

partially satisfy at least 25% of its repayment obligations under this DPA and other DPAs contemporaneously issued as part of the same offering, including any accrued and unpaid interest, the Company shall repay at least 25% of the Debt Amount or the current outstanding amount pursuant to this DPA to Lender in Tokens (“Partial Asset Payment”), together with interest accrued on the Partial Asset Payment amount at the above Asset Interest Rate (said interest also payable in Tokens), to be calculated based on the Token Valuation;

(iii) **Early Repayment in Cash:** At any time before the [second anniversary of this DPA], *unless* the Company has ownership or control of Tokens in an amount sufficient for early repayment of debt by Tokens in full or in part, the Company may in its discretion satisfy its obligations with respect to any unpaid Debt Amount in cash, with no interest or other duties owed to the Lender;

(vi) **Early Repayment Right by Lender:** At any time before the [second anniversary of this DPA], the Lender may demand an early repayment of the Debt Amount in full (but not in part), in which case the Company shall promptly repay [80%] of the unpaid Debt Amount in cash, in full satisfaction of its obligations under this DPA.

(vii) On or after the second anniversary of this DPA, any unpaid portion of the Debt Amount shall accrue interest at the applicable Fiat Interest Rate (defined above), on a monthly, non-compound basis.

(viii) The Company shall fully repay the entire Debt Amount and any interest accrued, in cash and/or by Tokens as per the above terms, no later than the [third anniversary] of the date hereof.

(ix) All repayment obligations may be assigned or transferred by the Company to any of its affiliates provided written notice is provided to Lender.

(b) **Terms Governing Payment by Tokens.** With respect to any partial or full satisfaction of the Debt Amount by Tokens, the number of Tokens shall be determined based on the Token Valuation as defined above. Where possible, the Token distribution may include fractional Tokens. In the event fractional Tokens are not available, (i) Lender will receive one full Token if the fractional remainder is equal to or in excess of 0.50 Tokens or (ii) Lender will forfeit the value of the fractional Tokens if the fractional remainder is less than 0.50 Tokens.

In the event the Company elects or is required under the terms hereof to make a repayment of Debt Amount (in part or in full) by Tokens, if upon notice Lender fails to provide to Company within 14 calendar days a network address and other information necessary to facilitate a distribution of digital blockchain tokens, the Company may in its discretion effectuate such repayment in cash and without any interest on such full or partial Debt Amount, without any further obligations associated thereto and in full satisfaction of such full or partial Debt Amount. Lender is responsible for the accuracy of information provided. Providing inaccurate digital key or public address for purposes of token transfer often results in irreversible loss, which nonetheless would constitute satisfaction of the Company’s debt repayment obligations.

(c) **Dissolution Event.** If a Dissolution Event occurs before repayment obligations under the DPA have been satisfied in full, to the extent permissible by law Lender shall have priority over all other creditors with respect to (i) any cash funded by and traceable to Lender remaining in a Company bank or escrow account, and shall have priority shall be returned to Lender, with priority over all other creditors of the Company, and (ii) that portion of such Tokens in the Company’s possession or control that represents Lender’s interest as a fraction of all DPAs issued contemporaneously with this DPA as part of the same offering.

(d) **Termination.** This instrument will terminate (without relieving the Company of any obligations arising from a prior breach of or non-compliance with this instrument) upon the Company satisfying its repayment obligations in full pursuant to this Section 1.
